### **H&I Chair** - Gail F

We continue to take meetings weekly in to SVHI, the Women's Annex and the Men's Jail in Danville. There is no orientation scheduled as I haven't heard from anyone requesting one. We supplied the men's jail in Southern VA with 25 white books last month and they were greatly appreciated. SV is opening a library for its patients. We are supplying them with 2 texts, 2 How and Whys, 2 Step Guides, 2 JFT, and various IPs. The Staff thanked us. I am placing an order for the men's jail this month.

### Martinsville Phone Line Coordinator Report:

Hello Family

I was able to get assistance with getting the flyers out and cards. It was successful. We had a dinner and I apologize, I forgot the receipt. We spent \$15.00. I plan to make a date for a workshop with the helpline. All is well. Still no phone calls though we are in motion now.

### Web Servant – Kim A

Webservant Report 7/10/2011

This month I updated the website with the new meeting information for the Friday night Danville Meeting and also for the new Saturday morning meeting. I posted the minutes on the website and sent out a copy to everyone whose address I had through the website's email program.

I added "The NA Archives" to the links page. Where *Us* and *Them* get together. A wealth of original documents from the history of NA -- letters from Jimmy K, our founder, etc.

Under GSR Resources there is a new link which will provide you with the ASC schedule. Gail F sent me copies of all of the past minutes that she had saved. I forwarded these minutes to Mary Kay so she could use them to compile an updated policy and I will be putting them up on the website ASAP.

The website counter was at 123698 today.

Thank you for the opportunity to serve.

### POLICY Review – Mary Kay

Policy Committee Report July 10, 2011

I am writing this report before an official meeting has taken place but with the type work policy actually is what is planned is to look at the entire policy and evaluate the entire policy process. There are actually many issues within policy that may well need to be clarified. We have 7 pages of specific points to discuss within the current policy many are just information and history for my own knowledge. We also have a rough draft travel policy that can be utilized for any travel needs.

It is my hope that once our policy is updated to reflect what we do now, and then we continue to correct our policy as we do business. As motions come to the floor, policy would advise if it would affect area policy or not and if so how. By stating where the motion changes policy at the beginning there is no misunderstanding or issues. This is actually how World and Regional policy works and it really makes the motion maker think through their motion.

I also believe the policy committee could be a large part of crafting an educational piece that helps our trusted servants feel comfortable doing their jobs and know how to do their job. Historically service work is an area that almost requires "pulling teeth." But I have found if we help make the job easier, help people succeed in doing service work, we tend to get more people involved in service.

We currently have 4 members who have agreed to help review policy. Anyone who would like to be involved please let me know.

In Loving Service,

Mary Kay Berger
